

Rosebrook's Early Years Vision

Our vision is to develop a creative curriculum based around the interests of our children. We want our children to develop holistically and build a love of learning. We strive to ensure all of our children receive the best quality care and education through well-planned and delivered lessons/ activities. We encourage our children to become independent and resilient learners, building these skills through a play-based approach. Our practitioners pride themselves on the high quality, effective interactions that take place within our setting. We immerse our children in stories and rhymes to promote rich vocabulary and encourage our children to expand their knowledge of the world around them. Our children should be confident to take risks and understand that risks are what help us develop. We aim to ensure that our children leave Early Years ready to take on the next challenge within their school life.
